RESEARCH

2026 – present

PhD student in Applied Mathematics

Universitat Politècnica de Catalunya (UPC) — FME

Collatz conjecture and symbolic dynamics. Advisor: Dr. Jaume Franch Bullich.

TEACHING EXPERIENCE

2018 – present

Mathematics teacher

Col·legi Maristes Sants—Les Corts (Barcelona)

IB Mathematics AI HL and SL, Bachillerato Mathematics, Mathematics 2nd ESO. Cangur preparation. ICT Coordinator (2019–2024).

2011 – 2018

Mathematics teacher · Head of Studies (Bachillerato)

Escola Meritxell (Mataró)

ESO and Bachillerato mathematics. Last two years as Head of Studies for Bachillerato.

PUBLICATIONS

2026

A Fibonacci theorem for Collatz trajectories via modular graph structure

A. Reyes — preprint, arXiv:2606.02621 [math.NT]

2014

New conditions to keep static feedback linearizability under addition of new inputs

J. Franch, A. Reyes — 53rd IEEE Conference on Decision and Control (CDC), pp. 5624–5629

2013

Differential flatness of a class of n-DOF planar manipulators driven by an arbitrary number of actuators

J. Franch, A. Reyes, S. K. Agrawal — European Control Conference (ECC), pp. 161–166

EDUCATION

2010 – 2012

MSc in Applied Mathematics

Universitat Politècnica de Catalunya — FME

2010 – 2011

MSc in Teacher Training (Mathematics)

Universitat Politècnica de Catalunya — FME

2004 – 2010

BSc in Mathematics (Licenciatura)

Facultat de Matemàtiques i Estadística (FME) — UPC

LANGUAGES

Native

Spanish · Catalan

Intermediate

English

B2 level. 9-month Erasmus exchange at the University of Sheffield.

TOOLS & SOFTWARE

Moodle · ClickEdu · Alexia · LaTeX · GeoGebra · Maple · Matlab · C++ · Office 365 · Notion · Generative AI (LLMs)
